Comments Details Commenter Type: Objector Stance: Customer objects to the Planning Application Reasons for comment: Comments: <redacted_date> Please find the following statements in connection our objection to planning outlined in REF: 94.62735.OUT 74 Market Lane, Bessacarr, Doncaster, ZZ63 7KS xxxx

uniqueness of Middlefield Road as an exemplar within an urban conservation area. As a result, the report observations and concerns must still be relevant four years after the failed Planning Proposal <redacted_reference> especially with a new proposal which will be far in excess in size of that which caused the refusal of the proposed development "Raising of eaves and roof lift and formation of gables to create rooms in roof space" In conclusion, our concerns and objections are a reflection of the negative impact of such a large development on Middlefield Road as that proposed for backfill development of 74 Market Lane, Bessacarr, Doncaster, ZZ63 7KS. We are also very concerned that if outline planning permission is granted at this stage, future amendment applications could well see a development to rival most "Mansion" scale house developments as can be seen on the front and back gardens of those now constructed on 74 Market Lane, Bessacarr, Doncaster, ZZ63 7KS. xxxxxxxxxxxxxxx Kind regards
